

School Action Plan

Child Copy

How can we make our school better?

- **Help our teachers to recognise how good we are at the different subjects within our broad and balanced curriculum.**
- **Make changes to our curriculum so that it is more in line with what we are interested in and that it provides us with stronger opportunities to improve our handwriting.**
- **Create opportunities where we can learn business skills, which will help us increase our hopes for our future careers.**
- **Make sure that what we achieve in Reading, Writing and Maths keeps getting stronger across the school.**

What are we going to do?

- **Find more Governors, who can bring with them their many different skills to make our school even greater.**
- **Help our teachers learn to become better school leaders for the future.**
- **Help us to learn in new ways that make us share our ideas with each other and in turn make our understanding stronger.**
- **Make sure we take better control over our own learning, so that we know how we can make it better.**
- **Introduce a way to help us get better at spelling words, get better at joining our handwriting and get better at using these skills in other areas of our learning.**
- **Help us build hopes for our futures by mixing with different careers.**
- **Get smarter at how we see links and patterns between numbers, so that we can solve questions more confidently and correctly.**
- **Help us to make our school a place where a strong mental health is looked after.**
